THE SUSMAN GODFREY DIFFERENCE

For forty years, Susman Godfrey has focused its nationally recognized practice on just one thing: big - stakes commercial litigation. We are one of the nation's leading litigation boutique law firms with locations in **Houston**, **Los Angeles**, **Seattle**, and **New York**. Each of the firm's **102 trial attorneys** specializes in complex commercial litigation.

How successfully does Susman Godfrey represent its clients?

When *The American Lawyer* held the first-ever "Litigation Boutique of the Year" competition, the firm was named one of the two top litigation boutiques in the nation.

"These firms manage to combine cutting-edge technologies, palpable tastes for risk, and an old-fashioned sense of partnership," said *The American Lawyer*. "The rewards are obvious: Their clients are stellar, and so are their profits."

In other words, Susman Godfrey represents its clients *very well*.

A record of winning

One of Susman Godfrey's early cases, the *Corrugated Container* antitrust trial, led to one of the highest antitrust jury verdicts ever obtained. Since that extraordinary start, the firm has remained devoted to helping businesses and individuals achieve similarly extraordinary results. Recent high-profile victories (click on the links below to see the particular facts and circumstances of these representations):

- Representation of the plaintiffs in a number of successful private antitrust actions against Microsoft Corporation, including litigation or private negotiations on behalf of **Gateway**, **Novell**, **Caldera**, **Be, Inc.**, Paltalk Holdings, and others.
- Representation of **MicroUnity Systems** in a variety of patent infringement litigation, which has led to confidential settlements with a variety of defendants, including Intel and Sony.
- Defeated claims for \$550 million in damages brought by Alcoa against our client, Luminant and convinced the jury to award Luminant \$10 million in counterclaim damages.
- Secured a \$225 million jury award for Dillard's, Inc. against I2 Technologies for fraud and breach of warranty.

- Obtained a jury award of more than \$178 million in a breach of fiduciary duty case brought on behalf of minority shareholders of an NL Industries, Inc. subsidiary.
- Representation of Sky Technologies in patent infringement cases against i2 Technologies, IBM, Ariba, Oracle, and SAP that each have led to confidential settlements.
- Representation of the bankruptcy estate of **Enron Corp.** against ten banks and investment banks for aiding and abetting breach of fiduciary duty and fraud. Settlements to date have brought more than one billion dollars in value to the Enron estate.
- Successfully concluded the pro bono representation of **Texas Clean Air Cities Coalition** which included Dallas, Houston, Fort Worth, Waco, El Paso, Plano, Arlington, Irving, and 28 other local governments across Texas. The cities were concerned about the environmental threats resulting from the large amounts of nitrogen oxides, sulfur dioxide, particulate matter, mercury, and carbon dioxide to be emitted from the proposed plants. The coalition of Texas cities challenged permit applications by TXU Corporation to build eight coal-fired power units across Texas. Following the announcement of the proposed buyout of TXU by two private equity firms and citing a new environmental direction for the company, TXU announced that it would withdraw applications for all eight of the coal units that the coalition opposed.

These are only a few of our recent cases. Our practice area inserts provide a more complete description of Susman Godfrey's successes in a number of areas of commercial litigation, including **intellectual property**, **antitrust**, **accounting malpractice**, **energy and natural resources**, **securities litigation**, and **climate change litigation**.

The will to win

At Susman Godfrey, we want to win because we are stand-up trial attorneys, not discovery litigators. We approach each case as if it is headed for trial. Everything that we do is designed to prepare our attorneys to persuade a jury. When you are represented by Susman Godfrey, the opposing party will know that you are willing to take the case all the way to a verdict if necessary; this fact alone can make a good settlement possible.

The American Lawyer award confirmed Susman Godfrey's longstanding reputation as one of the premier firms of trial lawyers in the United States. We are often brought in on the eve of trial to "rescue" troubled cases or to take the reins when the case requires trial lawyers with a proven record of courtroom success.

We also want to win because we share the risk with our clients. We prefer to work on a contingency-fee basis so that our time and efforts pay off only when we win. Our interests are aligned with our clients—we want to achieve the best-possible outcome at the lowest possible cost.

Finally, we want to win because each of our attorneys shares a commitment to your success. Each attorney at the firm – associate as well as partner – examines every proposed contingent fee case and has an equal vote on whether or not to accept it. The resulting profit or loss affects the compensation of every attorney at the firm. This model has been a tremendous success for both our attorneys and our clients. In recent years, we have achieved the highest profit-per-partner results in the nation. Our associates have enjoyed performance bonuses equal to their annual salaries. When you win, our attorneys win.

Unique perspective

Susman Godfrey represents an equal number of plaintiffs and defendants. Ours is not a cookie-cutter practice turning out the same case from the same side of the bar time after time. We thrive on variety, flexibility, and creativity. Clients appreciate the insights that our broad experience brings. "I think that's how they keep their tools sharp," says one.

Many companies who have had to defend cases brought by Susman Godfrey on behalf of plaintiffs are so impressed with our work in the courtroom that they hire us themselves next time around – companies like El Paso Corporation, Georgia-Pacific Corporation, Mead Paper, and Nokia Corporation.

We know from experience what motivates both plaintiffs and defendants. This dual perspective informs not just our trial tactics, but also our approach to settlement negotiations and mediation presentations. We are successful in court because we understand our opponent's case as well as our own.

A lean and mean structure

At Susman Godfrey, our clients hire us to achieve the best possible result in the courtroom at the least possible cost. Because we learned to run our practice on a contingency-fee model where preparation of a case is at our expense, we have developed a very efficient approach to commercial litigation. We proved that big cases do not require big hours. And, because we staff and run all cases using the same model, clients who prefer to hire us by the hour also benefit from our approach.

There is no costly pyramid structure at Susman Godfrey. As a business, we are lean, mean and un-leveraged – with a one-to-one ratio between partners and associates. To counter the structural bloat of our opponents, who often have three associates for each partner, we rely on creativity and efficiency.

Susman Godfrey's experience has taught what is important at trial and what can be safely ignored. We limit document discovery and depositions to the essential. For most depositions and other case related events we send one attorney and one attorney alone to handle the matter. After three decades of trials, we know what we need – and what is just a waste of time and money.

Unparalleled talent

Susman Godfrey prides itself on a talent pool as deep as any firm in the country. Clerking for a judge in the federal court system is considered to be the best training for a young trial attorney, and 91% of our lawyers served in these highly sought-after clerkships after law school. Seven of our attorneys have clerked at the highest level – for Justices of the United States Supreme Court.

Our associates are not document-churning drones. Each associate at Susman Godfrey is expected to second-chair cases in the courtroom from the start. Because we are so confident in their abilities, we consider associates for partnership after seven years with the firm, unless they joined us following a federal judicial clerkship. In that case, we give credit for the clerkship, and the partnership track is generally six years. We pay them **top salaries and bonuses**, make them privy to the firm's financials, and let them vote – on an equal standing with partners – on virtually all firm decisions.

Each trial attorney at Susman Godfrey is invested in our unique model and stands ready to handle your big-stakes commercial litigation.

No Matter What the Case

Our firm is made up of the best and the brightest trial lawyers in the country. Quite simply, we can try any case, no matter what the subject matter. And our record proves it.

Patent law. Our lawyers are not "patent " lawyers . Yet Susman Godfrey is one of the nation's go-to firms for patent litigation. Indeed, as the amount in controversy soared in patent cases in the early 2000s, so has the number of patent cases tried and won by Susman Godfrey. Clients know that they need real trial lawyers to translate the patent talk into language that can be understood by a jury. And juries listen when Susman Godfrey lawyers talk. Our firm has won some of the largest jury verdicts in patent cases in the country.

Family law. Our lawyers are not "family " lawyers . Yet when the richest couples get in the nastiest divorce battles, they call the real trial lawyers for the ultimate show down. When the owner of the Dodgers risked losing his team to his wife in a bitter divorce battle, Frank McCourt called Susman Godfrey. When David Saperstein found himself in divorce proceedings with his wife in over their multi-million dollar estate, including their \$125 million "Fleur de Lys" mansion, he hired Susman Godfrey.

Tax law. Our lawyers are not "tax" lawyers. Yet, when an individual had a \$ 800 million tax dispute and needed a trial lawyer, he hired Terry Oxford of Susman Godfrey. Terry, with the assistance of tax counsel, tried the case for 5 weeks in federal court. The result: a decision that would return the taxpayer more than half the disputed amount.

Criminal law. Our lawyers are not " criminal " lawyers . Yet when evidence suggested a death row inmate was wrongly convicted, those trying to right the wrong called Susman Godfrey. When Barry Scheck and his Innocence Project wanted help reversing the wrongful conviction of George Rodriguez, they teamed up with Susman Godfrey. The conviction was reversed and Mr. Rodriguez freed, and Susman Godfrey continues the battle to obtain fair compensation for the 17 years he spent behind bars .

It does not matter what area of law your case is. If we haven't already been involved in path-breaking litigation there, we will master it. And you will have the best possible trial team on your side.

Overview

Seth Ard, a partner in Susman Godfrey's New York office, has secured substantial litigation victories for both plaintiffs and defendants. For plaintiffs, Ard was co-lead counsel for a certified class of insurance policy owners, helping them achieve what the Court in the Southern District of New York described as "the best settlement pound for pound for the class that I've ever seen." For defendants, Ard has obtained take-nothing judgments for NASDAQ and Dorfman Pacific in contract and intellectual property actions seeking tens of millions of dollars.

Before joining the firm, Mr. Ard clerked for the Honorable Shira A. Scheindlin of the United States District Court for the Southern District of New York, and for the Honorable Rosemary S. Pooler of the United States Court of Appeals for the Second Circuit. Mr. Ard graduated magna cum laude from Harvard Law School and completed his undergraduate work first in his class with a perfect GPA from Michigan State University, with dual degrees in philosophy and French literature. For the past three years, Ard has been recognized as a "Rising Star" in New York by Super Lawyers magazine.

Notable Representations

In re LIBOR-Based Financial Instruments Litigation (SDNY)

Ongoing. Along with Bill Carmody, Marc Seltzer, and Arun Subramanian, Ard serves as co-lead counsel for the class of over-the-counter purchasers of LIBOR-based instruments, directly representing Yale University and the Mayor and City Council of Baltimore as named plaintiffs. We reached a \$120 million settlement with Barclays, and pursue claims against the rest of the 16 LIBOR panel banks.

In re Municipal Derivatives Litigation (SDNY)

Ongoing. Along with Bill Carmody and Marc Seltzer, Ard serves as co-lead counsel to a class of municipalities suing 10 large banks and broker for rigging municipal auctions. On behalf of the class and class counsel, Ard argued final approval and fee application motions approving cash settlements in excess of \$100 million, as well as several key discovery motions against defendants and the DOJ that paved the way for those settlements.

Fleisher et al. v. Phoenix Life Insurance Company (SDNY)

September 2015. Along with Steven Sklaver and Frances Lewis, Ard served as class counsel in a seminal action challenging 2 cost of insurance increases by Pheonix. After winning class certification and defeating two motions for class decertification and a motion for summary judgment, the case settled the day of the final Pretrial Conference in a settlement valued by the Court at over \$140 million. Judge Colleen McMahon praised Susman Godfrey's settlement of the case as "an excellent, excellent result for the class," which "may be the best settlement pound for pound for the class that I've ever seen."

Globus Medical v. Bonutti Skeletal (EDPA)

March 2015. Along with Jacob Buchdahl and Arun Subramanian, Ard represents defendant Bonutti Skeletal in patent litigation brought by Globus Medical. Ard successfully argued a partial motion to dismiss the patent complaint, defeating claims of indirect infringement, vicarious liability and punitive damages.

Sentius v. Microsoft (NDCA)

February 2015. Along with Max Tribble and Vineet Bhatia, Ard represented plaintiff Sentius in a patent infringement suit against Microsoft. A few weeks before trial, Ard successfully argued a Daubert motion that sought to exclude

plaintiff's survey expert. The case settled on highly favorable terms within 24 hours of that motion being denied. Previously, Ard had successfully argued an early summary judgment motion and supplemental claim construction, both of which would have gutted plaintiff's claims.

Jefferies v. NASDAQ Arbitration (New York)

January 2013. *Jefferies & Co. v. NASDAQ*. – Along with Steve Susman and Steve Morrissey, Ard represented NASDAQ and its affiliate IDCG in an arbitration in New York. The plaintiff, Jefferies & Co., sought tens of millions of dollars in damages based on a claim that it was fraudulently induced to clear interest rate swaps through the IDCG clearinghouse. After a one week arbitration trial in the fall of 2012, at which Ard put on NASDAQ's expert and crossed Jefferies' expert, the Panel issued a decision in January 2013 denying all of Jefferies' claims and awarding no damages. The arbitrators were former Judge Layn Phillips, Judge Vaughn R. Walker, and Judge Abraham D. Sofaer.

GMA v. Dorfman Pacific (SDNY)

November 2012. Along with Bill Carmody and Jacob Buchdahl, Ard obtained a complete defense victory on summary judgment in a trademark infringement dispute before Judge Forrest in SDNY. We were hired after the close of discovery and after our client had suffered significant discovery sanctions that threatened to undermine its defense. We were able to overturn those sanctions, reopen discovery and obtain key admissions during a deposition of Plaintiff's CEO, and win on summary judgment (without argument and based on briefing done by Ard).

Washington Mutual Bankruptcy (Bkrtcy. Del.)

February 2012. Along with Parker Folse, Edgar Sargent, and Justin Nelson, Ard represented the Official Committee of Equity Holders in Washington Mutual, Inc. at two trials contesting \$7 billion reorganization plans that would have wiped out shareholders stemming from the largest bank failure in American financial history. Both plans were supported by the debtor and all major creditors. After the first trial, at which Ard put on the Equity Committee's expert and crossed the debtor's expert, the Judge denied the plan of reorganization. The debtors and creditors negotiated a new reorganization plan that again would have wiped out shareholders. After the second trial, at which Ard put on the Equity Committee's expert, crossed the debtor's expert, and conducted a full-day cross examination of hedge fund Appaloosa Management that held over \$1 billion in creditor claims and that was accused of insider trading, the Court again denied the plan of reorganization, finding that the Equity Committee stated a viable claim of insider trading against the hedge funds. The Equity Committee then negotiated with the debtor and certain key creditors a resolution that provided shareholders with 95 percent of the post-bankruptcy WaMu plus other assets in a package worth hundreds of millions of dollars – an outstanding result especially given that when we were appointed counsel, the debtor tried to disband the equity committee on the ground that equity was “hopelessly out of the money” without any chance of recovery.

Lincoln Life v. LPC Holdings (Supreme Court Onandaga, New York)

2011. Along with Steven Sklaver and Arun Subramanian, Ard represented an insurance trust in STOLI litigation against an insurance company seeking to rescind a life insurance policy with a face value of \$20 million. After Ard argued and won a hotly contested motion to compel in which the Court threatened to revoke the pro hoc license of opposing counsel, Lincoln settled the case on very favorable terms.
